

BELHAR POCKET 13

BELHAR, WESTERN CAPE

PROJECT DESCRIPTION

This project involves the construction of 308 sectional title units, comprising both apartments and lofts, distributed across 6 blocks of 4-storey walk-up buildings. The provision of the development includes comprehensive bulk services, road infrastructure, and extensive landscaping. The landscaping incorporates both hardscape and softscape elements to create an aesthetically pleasing and functional environment. This project aims to provide modern, high-quality living spaces while ensuring seamless integration with essential services and infrastructure.
